INTRODUCTION

Bristow-Holmes are delighted to offer the stunning Princess 30M M/Y BANDAZUL for sale. Delivered to her owner in Spring 2018, this is a unique opportunity to beat the waiting list and own this 2019 World Super Yacht Award nominee.

The result of a close collaboration between its owners and the in-house Princess Design Studio, this Princess 30 Metre is unlike any other. The stylish interior is a testament to the owner's dedication and eye for detail, as well as Princess' desire to build an outstanding British yacht for an experienced North European owner.

This custom 30 Metre Princess is unique. The Owners brief requested the ultimate blend of relaxed living and style, offering maximum interior volume and practicality. The Saloon has been completely reinvented by removing the dining table (easily installed if required) and thus opening up the extended informal seating and relaxation areas that reach all the way forward to the galley bulkhead.

BANDAZUL boasts a dark shade of Wenge timber (a custom request) which contrasts beautifully with the free-standing furniture, sourced from Minotti in Italy. Fixtures and fittings were upgraded throughout, with contemporary finishes fitted to various furniture and units throughout. Even the Galley flooring is in-keeping with the Italian look specified by the Owners and features a stone tiled floor. Only the highest quality Italian soft furnishings and loose furniture were selected, something that you notice the moment you step onboard this stunning motor yacht.

- Interior Furniture - Minotti, Kettal, Julian Chichester etc.

BANDA ZUL

The cockpit was re-designed and re-thought too; out went the fixed aft cockpit table, to create another spacious and relaxed seating area, which complements the interior spaces, attended by its own well-equipped bar unit. Meanwhile the yacht's dining area has been relocated to the Flybridge, directly below the electrically opening hard top, allowing guests to dine under the stars or in the shade if required. Notably the hard top was re-designed as well, extended aft at the request of the Owner, not only for practical reasons, but also to further enhance the yacht's side-profile.

Back inside, the Master Stateroom is located on the Main Deck, one of the Princess 30M's principal benefits. Here the Owners simplified and rationalised the space to create a more open and practical area in both the stateroom itself and the en-suite bathroom. Low-level custom seating was installed in the Master Cabin and the lower deck full beam VIP, in order to give guests that added area of privacy if required.

With two further twin guest cabins accessed from the Lower Deck Lobby (one of which features sliding beds to convert to a double cabin if required) BANDA ZUL is perfectly optimised for up to 8 guests in luxury and comfort.

For more information on this stunning Motor Yacht please do not hesitate to contact Bristow-Holmes, the world's truly boutique brokerage house.
