BOSS

INTRODUCTION

'BOSS' is a stunning example of the very popular Prestige 630. Built in 2017 and first registered in 2018 this is a unique opportunity to acquire a well maintained Prestige 630 at a significant saving over equivalent vessels.

Fitted with 2 x VOLVO IPS 950's 'BOSS' benefits from all the advantages that IPS has to offer over standard propulsion whilst maintaining sufficient power unlike similar vessels with smaller IPS engine options.

Accommodating up to 6 guests in 3 x En-Suite Cabins 'BOSS' is an excellent example of the well designed and functional Prestige 630. Her Full Beam Master Cabin is accessed via a private staircase just off the main saloon. The Forward VIP and Convertible Twin Cabin (Converts from Twin to Double Bed) are also both En-Suite and are accessed via the more traditional central staircase. The privacy created by the twin staircase is not only unique but also extremely beneficial at creating that extra barrier between guests whilst staying onboard. There is accommodation for an additional 2 guests in the aft crew cabin if required.

BOSS

The Main Saloon features a Main Deck Aft galley, perfectly positioned for both cooking and acting as a bar area for guests who are both inside and out. The saloon features ample seating for up to 8 guests in comfort whilst taking in the view from the vast panoramic windows. With Electric opening side windows both Port and Starboard there is plenty of both natural light and air flooding the space. The saloon door opening is nice and wide with a fold up centre section beside the galley to help open the saloon to the natural environment.

The Flybridge consists of forward-facing seating for up to 8 guests (4 at the helm and 4 on the aft of the flybridge) whilst the forward sun pad to the starboard side of the helm provides ample sunbathing space. The wet bar features a BBQ, Electric Cool Box as well as a Sink and acts as the perfect area for both preparing and serving meals as well as the ever popular cocktails!
